

CyberHum

MODERN HIEROGLYPHS

Press Release November 2011

www.cyberhum.com

- Modern Hieroglyphs, the new multi-format release by CyberHum continues in the theme of Adventurous Music / Visual Art explored in the previous 7 CD works. Erick Montgomery returns true to form on Modern Hieroglyphs while also continuing work on the immersive 3D-4D film Wheel: The Amazing Adventures of Chip & Sky at Providence, RI based Wheel Media Productions.
- Modern Hieroglyphs combines electronic music arrangements with acoustic instruments in the surround sound spectrum. The visuals mix film, photo stills and 3D Animation.
- Download / Streaming Audio Preview: October (Stereo Mixes)
High Definition Video Streaming: Mid January 2012
Blu-Ray Disc Pre-Release Ordering: Mid January 2012
Full Release - Late January 2012

ABOUT CYBERHUM

- CyberHum - launched by Erick Montgomery in 1995 with the release of " Elevated ". Produced and recorded @ CyberHum Studio in London, England and Distributed by BMG Europe.

Live New York City based performances followed featuring many guest artists and utilized broadband connectivity to simultaneously link the locations in coast to coast USA with Tokyo, Japan.

CyberHum music featured on 2 full British Audio Design CD releases, Ambient Groove & Beat and Organic Electronica. These releases lead to worldwide broadcast licenses for television, film and commercial placement.
